

Request Subtitles Enhancements

Scenario 1 on Drama/Movie/SP pages: No English or Japanese SubProject

Add the following:

Request Subtitles

Adopt Me!

>>This the data of the Sub Requests. Some users still want to see this.

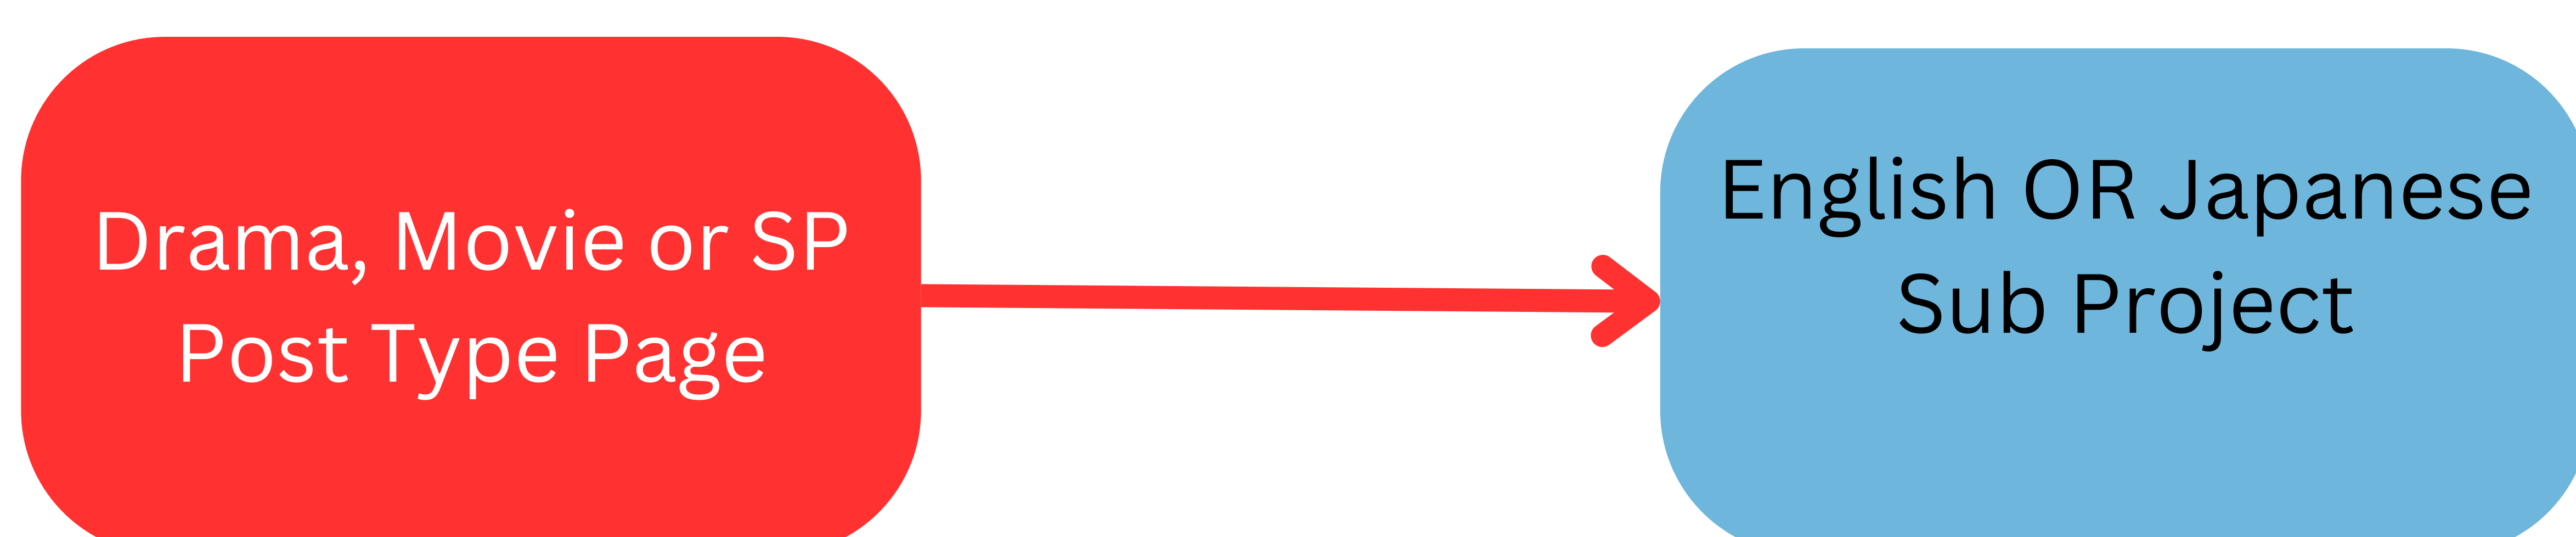

>>This box's color and content changes. Please include the emoji.

<https://www.emoticonstext.com/>

Clicking Request Subtitles button (same functionality):

Subtitle Language

Scenario 2: One SubProject Exists

Add the following:

Request Subtitles

Adopt Me!

>>Buttons still available but only for the language not available; if this is too hard you can leave both languages available

Subtitle Availability

✓ Kaibutsu [MUBI]

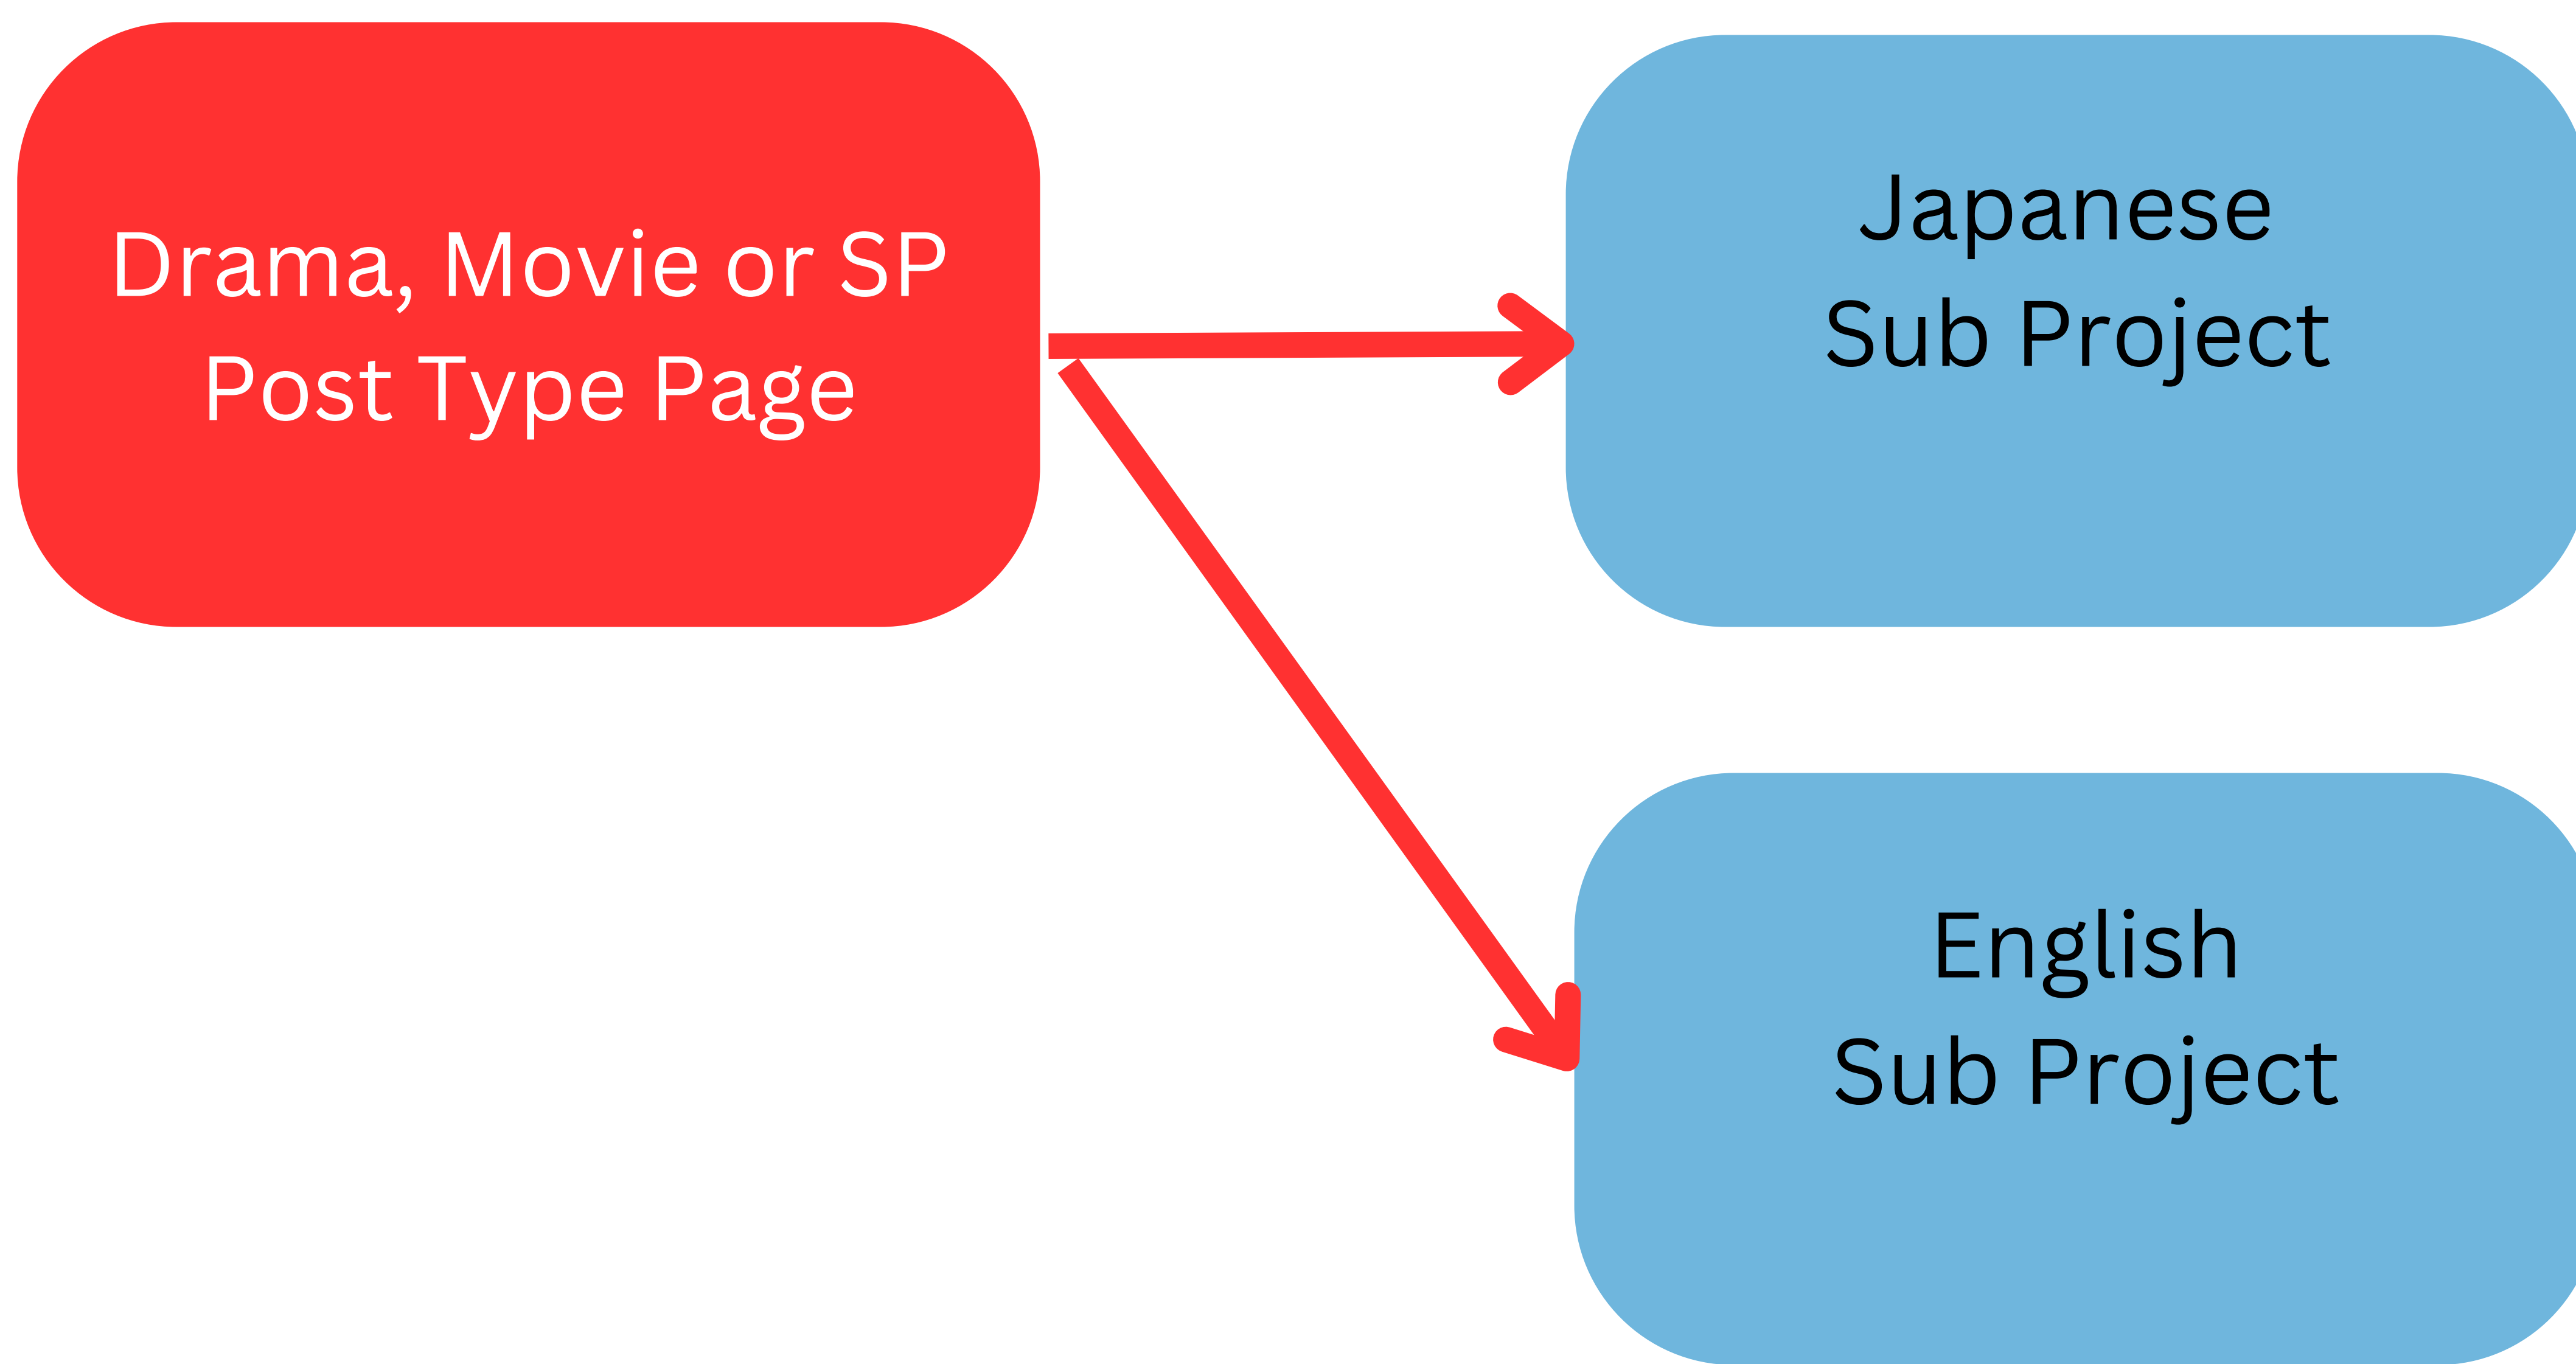

MOVIE English Softsubbed Other

Added: Jan 5, 2024 8:54 am by Official

>>This is the same design from the front page. Post type badge not needed.

>>Adopt Me! brings contributor to a new SubProject with Associated title (same functionality)

Scenario 3: Both English and Japanese SubProjects Exists

Add the following:

Yay 2x Subtitles!
(✨ 😊 ✨)

300
Subtitle Requests for **English**

300
Subtitle Requests for **Japanese**

Subtitle Availability

✓ Kaibutsu [MUBI]
~~MOVIE~~ English Softsubbed Other
Added: Jan 5, 2024 8:54 am by Official

✓ Kaibutsu [MUBI]

Added: Jan 5, 2024 8:54 am by Official

>>Remove Subtitle Requests and Adopt Me! buttons that's above Subtitle Availability section

>>For language tag, is this possible?
English = blue badge w/white text
Japanese = red badge w/white text

>>Multiple SubProjects will stack like this like the front page with a solid black line as a separator
